The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration

Los Angeles, California 90012

Dear Supervisors:

**PROBATION DEPARTMENT: AUTHORIZATION TO APPLY FOR AND
ACCEPT EIGHTH YEAR FUNDING UNDER THE JUVENILE JUSTICE CRIME
PREVENTION ACT FOR FISCAL YEAR 2008-09 FROM THE STATE
CORRECTIONS STANDARDS AUTHORITY
(ALL SUPERVISORIAL DISTRICTS) (3 VOTES)**

SUBJECT

Authority to apply for continuation funding, and accept fiscal year (FY) 2008-09 funds, from the State Corrections Authority (CSA) in the amount of \$29,312,792. The funding, which may be modified by CSA based on the Final State Budget, represents the eighth year allocation.

IT IS RECOMMENDED THAT YOUR BOARD:

1. Authorize the Chief Probation Officer to finalize the attached County of Los Angeles Application for Continuation Funding, submit final documents to the CSA by May 1, 2008, and make subsequent non-substantive program modifications, if needed (Attachments I and II).
2. Authorize the Chief Probation Officer to accept \$29,312,792 in eighth year Juvenile Justice Crime Prevention Act (JJCPA) funding for FY 2008-09 from the CSA, and to make non-substantive modifications to the FY

2008-09 allocations if the funding amount changes when the Final State Budget is adopted.

3. Delegate authority to the Chief Probation Officer to execute any amendments or extensions to existing contracts consistent with the Plan modification for the purpose of continuing programs implemented under the Comprehensive Multi-Agency Juvenile Justice Plan (Plan) developed by the Los Angeles County Juvenile Justice Coordinating Council, upon approval as to form by County Counsel, and to report any program changes as appropriate.
4. Delegate authority to the Chief Probation Officer to negotiate, execute, and/or extend current agreements with various government agencies to provide services consistent with the Plan modification, upon approval as to form by County Counsel; and to report to the Board as appropriate.
5. Authorize the Chief Probation Officer to utilize any interest or unspent JJCPA funds available in FY 2008-09 on allowable JJCPA expenses.

PURPOSE/JUSTIFICATION OF RECOMMENDATION

The purpose of the recommended actions is to obtain Board approval to authorize the Chief Probation Officer to apply for and accept JJCPA funding to continue the implementation of the Plan for an eighth year. The CSA, formerly the Board of Corrections, requires that an Application be submitted to them by May 1, 2008 (Attachment I).

The Plan was a result of a multi-agency planning effort coordinated by the Juvenile Justice Coordinating Council (JJCC), and was approved by the CSA and implemented following approval by your Board on March 20, 2001. Consistent with CSA requirements, the JJCC has continued to meet to coordinate and oversee the implementation of the Plan. The proposed Application for Continuation Funding enhances current programs and does not include any substantive changes.

Attachment III provides a list of funding specifically allocated to other government agencies. The FY 2008-09 Plan takes into consideration a review by the RAND Corporation, Probation's experience during the past seven years, and the proposed reduced allocation from CSA.

On March 31, 2008, CSA provided counties with a proposed FY 2008-09 funding amount, however, until the Legislature sends the Governor a budget, the CSA cannot guarantee or identify specifics regarding the FY 2008-09 funding amount for JJCPA. Consequently, for planning purposes, Probation is utilizing the reduced amount of JJCPA funds allocated by CSA for FY 2008-09. Changes due to population adjustments that impact the allocation formula or legislative action on the Governor's proposed budget may change the allocation. Probation will make the necessary adjustments in the event of a reduction or increase in funding for FY 2008-09 and notify your Board and the Chief Executive Office of any non-substantive reallocations required. Attachment IV outlines the proposed FY 2008-09 JJCPA funding allocations. Funding for FY 2008-09 was reduced from the FY 2007-08 allocation by \$3,295,457 from \$32,608,249 to \$29,312,792. The proposed Plan includes reductions to Probation, community-based organizations, and other governmental agencies that are currently providing services under JJCPA.

Approved services are currently provided through the collaborative efforts of government agencies and community-based organizations. The recommended actions will also delegate authority to the Chief Probation Officer to negotiate, execute, and/or extend current agreements with these agencies and organizations to continue these efforts, as required in the Plan. Further, the Chief Probation Officer will be authorized to utilize interest and unspent JJCPA funds available in FY 2008-09 on allowable JJCPA expenses with appropriate notice to the JJCC.

Implementation of Strategic Plan Goals

The recommended Board actions are consistent with the Countywide Strategic Plan Goal No. 5: Children and Families' Well-Being, as implementation of the recommendations will enable Probation to continue the coordination and collaboration of integrated services for probation and at-risk youth and their families across functional and jurisdictional boundaries; and Goal No. 1: Service Excellence, as Probation will evaluate the JJCPA funded services based on results.

FISCAL IMPACT/FINANCING

The CSA anticipates allocating \$29,312,792 in JJCPA funds, pending its approval of the County's Application for Continuation Funding. In the event of funding changes, the necessary adjustments will be made to the JJCPA

programs. There is no match requirement or net County cost associated with the Plan. The County must adhere to JJCPA requirements regarding the expenditure of said funds.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

On March 20, 2001, your Board authorized the Chief Probation Officer to finalize the Plan and apply to CSA for Crime Prevention Act of 2000 funding, now known as JJCPA. The County's initial allocation was \$34,917,974. Senate Bill 736 (Poochigian-Burton) addressed the future of JJCPA and authorized the CSA to fund participating counties for FY 2002-03. For FY 2008-09, Los Angeles County's allocation, pending the adoption of a final budget by the State and CSA's approval of the Application and Plan Modification, is \$29,312,792, a reduction of \$3,295,457 from the current \$32,608,249 allocation. The funds are to be encumbered by June 30, 2009 and liquidated by June 30, 2010.

IMPACT ON CURRENT SERVICES

This funding will allow for the continued implementation of the Plan that addresses the critical problem of mental health needs of probationers, provides community-level prevention and intervention strategies that target high-risk neighborhoods, and focuses on achieving school success for probationers and at-risk youth. These services are currently provided through the collaborative efforts of government agencies and community-based organizations.

Respectfully submitted,

WILLIAM T FUJIOKA
Chief Executive Officer

Assures that the County of will adhere to the requirements of the Juvenile Justice Crime Prevention Act (Chapters 353 and 475 of the Government Code) regarding the submission of the Comprehensive Multi-agency Juvenile Justice Plan application or revision, investment of allocated monies, including any interest earnings, expenditure of said funds, and the submission of required reports to the CSA.

ATTACHMENT II

Attachment to Application Section 3. Plan Modification

Section 3. Plan Modification

On March 12, 13, 14, 2007, the Juvenile Justice Coordinating Council (JJCC) conducted a review of all Juvenile Justice Crime Prevention Act (JJCPA) programs results and assessed the services, needs, and gaps as reflected below:

JJCPA Program Review

Methodology- JJCPA Program Review consisted of the following:

- FY 2006/2007 program outcomes
 - ✓ Big Six
 1. Arrest
 2. Successful Completion of Probation
 3. Incarceration
 4. Probation Violations
 5. Completion of Restitution
 6. Completion of Community Service
 - ✓ Program Supplemental Outcomes

The Los Angeles County current Comprehensive Multi-agency Juvenile Justice Plan (CMJP) contains 11 programs that fall into three initiatives.

- The Enhanced Mental Health Initiative
- Enhanced Services to High-Risk/High-Need Youth
- Enhanced School and Community-Based Services

JJCPA programs will continue to be leveraged and integrated with various countywide strategies and reforms. These key reforms and strategic initiatives continue to unfold in the Los Angeles County and create opportunities for funds to be combined and leveraged to create a more comprehensive model of supervision and care. Additionally, the connection between child maltreatment and juvenile delinquency has set the stage for a comprehensive reform to occur countywide. These findings are forcing the county to develop more of a "systems" response for youth in the child welfare and juvenile delinquency systems. The Title IV-E Waiver will allow the County to provide comprehensive services to probation youth at imminent risk of being placed in foster

care or group home setting. Through the Waiver strategy, the County may be able to increase its evidenced-based programs and services (Multi-Systemic Therapy and Functional Family Therapy) for its probation foster care population returning home and its high and medium risk population on the front-end.

The Waiver will also provide an enhanced continuum of care and services for both probation and dependency youth. We anticipate that with full implementation of the Title IV-E Waiver, Assembly Bill 129 will result in fewer dependency youth crossing over to the sole delinquency wardship.

JJCPA programs will include increased and enhanced implementation of evidenced-based programs and practices by the Probation Department and community-based service providers. This will result in better services and outcomes for probation youth. Further, JJCPA will continue to implement and expand its core curriculum for JJCPA agencies and community-based service providers that will result in an increased capacity for agencies to provide research-based services that target criminogenic needs and increase protective factors.

Finally, the County will look to collaborate with the City of Los Angeles' (LA) anti-gang efforts. The County will integrate and leverage JJCPA high-risk and gang-focused programs with the LA City and other regional initiatives. Through this effort, the County hopes to shore-up its gang prevention strategy and resources and provide a full response to gangs and gang violence.

The County's Priority Needs

- Enhance Community Corrections strategies and build collaboratives that strengthen the capacity of the community to address violence gangs and gang violence. Los Angeles Police Department reports that gang crime is up 27 percent from last year. There are as many as 40,000 people belonging to the 700 or so gangs in the city of LA. Countywide, there are as many as 1,200 gangs with 80,000 members. The material cost of their criminality may be as much as \$2 billion a year; the human toll in lives lost or deformed defies calculation. Additionally, there have been some high profile gang shootings that have had racial overtones. There are some gangs, both black and brown, who are engaged in gang hate crimes, targeting children, teens, and adults.
- Truancy continues to be an increasing problem in the school and the juvenile justice system. High school dropouts are three and one-half times more likely than high school graduates to be arrested, and over eight times more likely to be in jail or prison. The Civil Rights Project at Harvard, in conjunction with UCLA, produced a controversial report that indicated that only 48 percent of the Los Angeles Unified School District students who started ninth grade in 1999 graduated four years later.

- Increase home-based services that target improvement of family functioning and building family capacity to address and prevent youth delinquency. Home-based services have proven to be effective: to provide support for parents, to address the entire context of child and family functioning, to focus on improvement for parent-child interaction, to improve parental monitoring and supervision skills, and to enhance the family's social network.
- Improve Community Reintegration for Incarcerated Minors. The County will target its JJCPA resources to improve both family reintegration and aftercare services for youth in Probation Camps and Suitable Placement facilities. It is anticipated that the implementation of the Title IV-E Waiver will enhance the capacity to provide evidence-based interventions to youth transitioning from camp to the community.

Gaps in Services

The County's review of services and programs for its delinquency and at-risk revealed the following gaps in services:

- Home-Based Services (Strength-Based/Family Centered)
- School, Drop Outs, Truancy
- Prevention/Early Intervention
- Fragmentation of Service Delivery
- Gender Specific Services
- Substance Abuse
- Mental Health
- High Risk/High Need
- Transportation
- Truancy Prevention
